User Stories

Project Name: Food Log

Concept: Calories & Protein Tracking Application

1) As a user, I want to log my calorie budget as well as protein target for the day.
2) As a user, I want to log my food name (which I had) as well as food's calories and protein values.
3) As a user, I want to see all my logged foods with descriptive text with calories and protein values.
4) As a user, I want to see my remaining calories as well as protein for the day.
5) As a user, I want to see all my logs after I leave the app and come back later.
6) As a user, I want to reset all the foods in one go.
7) As a user, I want to sort the logged foods by protein intake.
8) As a user, I want to sort the logged foods by calories intake.
